

RNG FORUM 2023

APRIL 4-6, 2023

CENTREXPO COGECO
DRUMMONDVILLE, QC, CANADA

CALL FOR ABSTRACTS

ORGANISED BY:

BE PART OF THE UPCOMING RNG FORUM 2023

BiogasWorld invites you to submit an abstract for the RNG Forum 2023!

The event will be held on April 4 - 6, 2023 at the Centrexpo Cogeco in Drummondville, Canada.

This three day in-person event is your opportunity to share your research and other work in the field of renewable natural gas (RNG) with your local and international colleagues from a diverse spectrum of disciplines. International submissions are encouraged.

► IMPORTANT DATES

Abstract Submission Opens:	October 5, 2022
Abstraction Submission Deadline:	December 1st, 2022
Notification of Decisions:	January 2023

► ABSTRACT TOPICS

We are inviting you to submit your presentation abstract on one of the subjects related to RNG. Please choose one of the following topics:

- Direction the market is taking and industry policies
- Developments in North American market
- Connection to the natural gas grid
- Case studies
- How to build a successful project
- Project financing
- Assessment of project costs
- Social acceptability and environmental effect of the projects
- Anaerobic digestion in agriculture
- How to operate a digester
- Safety regulations for anaerobic digestion
- Management of digestate and water
- Power-to-gas et pyrogasification
- Suggest another relevant topic for the RNG sector

► RNG FORUM 2023

PRESENTATION FORMAT

► SESSION PRESENTATIONS

The RNG Forum 2023 will feature two dedicated conference rooms (up to 300 attendees) to host all presentations and panels. These sessions will be grouped into thematically related areas. Each presenter will be given 15 minutes to share their work, alongside a visual presentation.

ABSTRACT SUBMISSION GUIDELINES

The abstract should be written in English or French and must have the following details:

- Presentation topic
- Concise presentation title (15-word limit)
- Short description (200-word limit)
- Name of presenter, position, company, email address, phone number, short biography and attached photo.

All abstracts must be submitted to natalia@biogasworld.com before December 1st, 2022

UPON ACCEPTANCE

The abstract submitted will be informed of the status (accepted or declined) of their submission as soon as possible after reviews are completed by the content committee.

Accepted authors will be given a free registration to the RNG Forum 2023 and will be advised of deadlines to confirm places in the program at the time.
